

How many creatures can you think of that lay eggs?

Did you think of the marsupials?

How many creatures can you think of that can speak English?

Think of some of the parrots

Name some creatures that use their feet like hands?

Think of the creatures that climb or live in trees

How many different types of creatures can you think of with more than 4 legs?

Did you think of star fish? Insects? Spiders? Octopus? Caterpillars? Centipedes and millipedes?

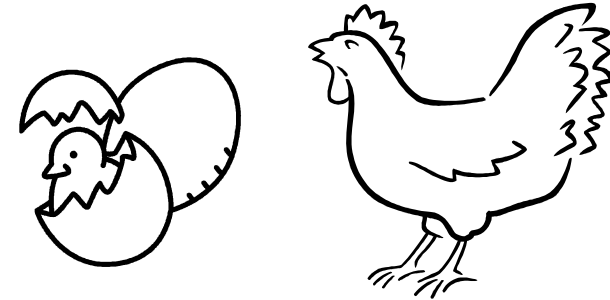

How many different coloured creatures can you think of?

Animals and People!

Sabbath

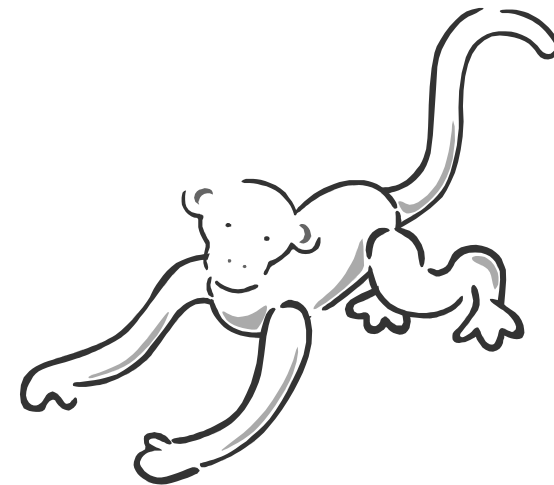

Which came first: the chicken or the egg?

The chicken – God made it on day 5 of creation.

What should you say when someone says "There's my cousin" when they see a monkey?

Say, "YOU might be related to a monkey but I'M not! I come from Adam and Eve."

Sunday

God had created a beautiful garden world with plants and flowers, but something was missing. Genesis 1:20-2:25^{NLT} says:

Then God said "Let the waters swarm with fish and other life. Let the skies be filled with birds of every kind..." And God saw that it was good. And evening passed and morning came, marking the fifth day.

Then God said, "Let the earth produce every sort of animal, each having offspring of the same kind—livestock, small animals that scurry along the ground, and wild animals." And that is what happened. God saw that it was good.

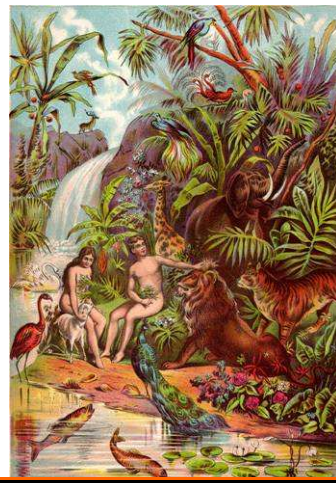

Then God said, "Let us make human beings in our image, to be like us."

So God formed the man from the dust of the ground. He breathed the breath of life into the man's nostrils, and the man became a living person... Then God said, "It is not good for the man to be alone. I will make a helper for him. So the Lord God caused the man to fall into a deep sleep. While the man slept, God took out one of the man's ribs and made a woman from the rib.

Then God said, "Be fruitful and multiply. Fill the earth and govern it. Reign over (or look after) the fish in the sea, the birds in the sky, and all the animals... Look! I have given you every seed-bearing plant throughout the earth and all the fruit trees for your food."

Then God looked over all He had made, and He saw that it was very good! And evening passed and morning came, marking the sixth day.

Friday

God created Adam and Eve, but did He create you? He did! See what David says God did in Psalms 139:13^{NIRV}

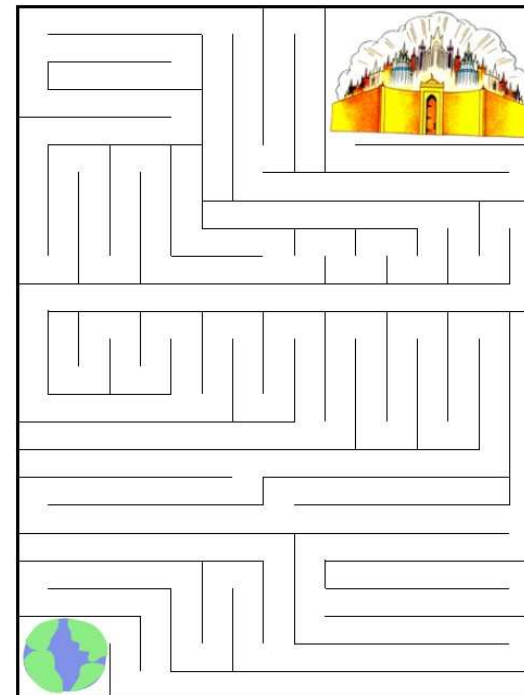

☼	→	★	←	∩	←	☯	↗	☑	↔	⊗	↙	→

✓ ∞ ⊕ ✓ ∩ ? ☑ ∅ ⊕ ☑ ← ∩

→ ∩ → ∞ ✓ ∩ ? ⊕

→ ∞ ← ∩

Why did God create you? It wasn't an accident – He loves you and He has things for you to do. He wants you to be loving, kind and helpful to everyone you meet. And at the end, He wants you to come live with Him in Heaven. Find a way from the earth to the heavenly city.

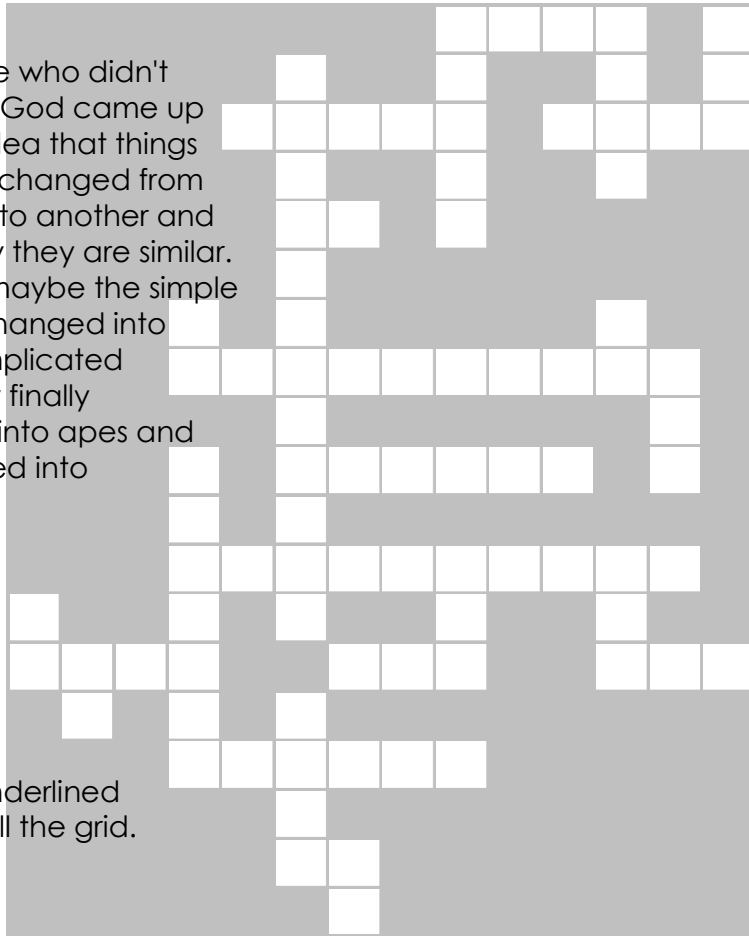

Thursday

When scientists looked around at the things in the world they saw many similarities. For example, animals have four legs, birds have two legs and two wings, fish have fins and tails, birds, reptiles and marsupials all lay eggs while mammals produce milk for their young. People also have many similarities with animals, especially animals in the primate family like monkeys and apes.

The Bible says that God is the creator of everything so it is not really surprising that there are similarities in the things that He made.

But people who didn't believe in God came up with the idea that things gradually changed from one thing to another and that is why they are similar. They say maybe the simple animals changed into more complicated ones, they finally changed into apes and apes turned into humans!

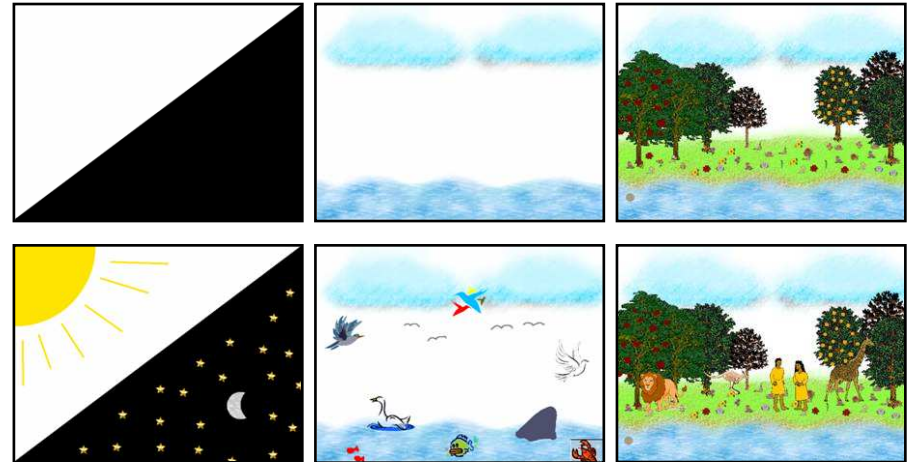

Use the underlined words to fill the grid.

Monday

Have you ever thought about the order that God created everything?

- | | | |
|---------------------|-----------------|-------------------------|
| 1. Light | 2. Water / Air | 3. Land and plants etc. |
| 4. Sun, moon, stars | 5. Fish & birds | 6. Animals and people |

If you were creating a world what order would you create it in?

The people and animals need land to stand on, plants to eat, water to drink, sunlight for warmth and health, and air to breath. The birds need air to fly in, plants for food and trees or land to rest on; the fish need water to swim in, water plants for food and oxygen in the water to breath. The plants need sunlight for photosynthesis - oops! Did you notice God created the sun after He created the plants? Luckily plants can live for a day without sunlight. But why did God do it that way?

One reason might be that God knew Satan would make up many lies about creation. One lie Satan has spread is that each creation day represents thousands or millions of years; but that doesn't make sense because trees can't live that long without the sun!

Another reason is that God was making a pattern; do you see the pattern in the pictures above? On day 4, God filled what He had made on day 1! On day 5, God filled what He had made on day 2! On day 6, God filled what He had made on day 3! This makes it easy to remember what God made on each day.

Tuesday

What did God make on the first day? (7 across)

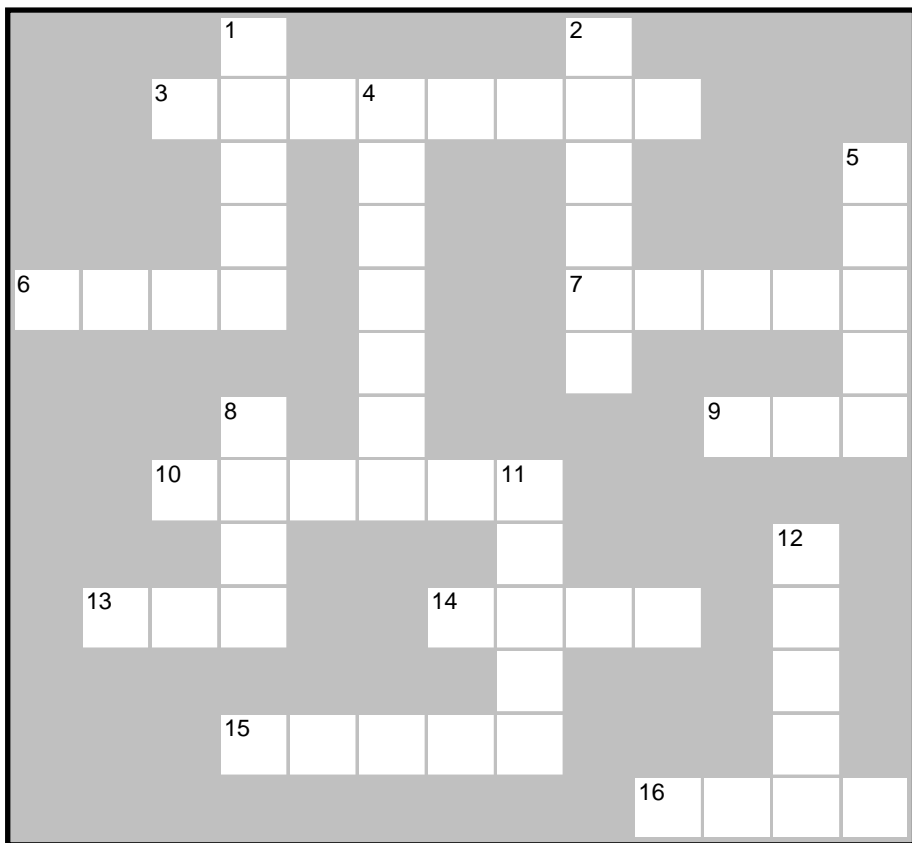

On the second day God separated the _____ (5 down) and made the ____ (9a) that we need to breathe.

Cross out the things God didn't make on the third day and add the things He did to the crossword: moon, stars, land or trees.

What three things did God make on the fourth day?

What did God make on the fifth day?

Cross out the things God didn't make on the sixth day and add the things He did make to the crossword: Flowers, animals, fishes, people, cats, moon, trees, lions, clouds, horses, chickens, giraffes.

Wednesday

God did something special when He created people. Instead of just speaking, what did God do? Find the underlined words from Monday.
