

## Creation

**Game:** Have everyone walk in a circle, when the music stops the leader will call out something and everyone must get in a group of people who are the same. (Start with things like, hair colour, eye colour, shirt colour etc. Finish with things like 2 eyes, 2 arms, 10 toes etc.)

**Ask:** How come you were all in one group at the end?

**Say:** It's because you're all human! – Humans are supposed to have 2 eyes, 2 arms and 10 toes... and today we are going to find out why.

## Bible Story

### Sing Songs

### Return to tables

Memory Verse: Each table say the memory verse together

**Say:** This term we are going to create magnet worlds. Each week we will make more magnets. We will keep them in a book here, DO NOT DRAW ON THE BOOK, and at the end of the term you can take the magnets home and put them on your fridge. (WE KEEP THE BOOK FOR NEXT TIME)

### Craft: Magnet book

- Choose or make an animal magnet
- Colour in Adam and Eve and put a magnet on the back

### Discuss the following depending on age, interest and time:

What is your favourite animal? If you could have any animal as a friend what would you choose?

Who do you look like? (Mum, Dad, Grandparent, Aunt or Uncle?) – If you like that person, are you glad you look like them?

Discuss: God loved people so much that He wanted them to look like Him – does that make you feel special? God thinks you are special.

Discuss: The animals were not wild, fierce or scared, like they are now. Genesis 1:29, 30 says they all ate plants. Genesis 9:2 says that after the flood the animals would be scared of people.

**Ask:** When were animals made?

**Ask:** When were humans made?

**Say:** Satan wants us to believe that things just happened by chance, that God had no part in creation, to do this he says that animals lived a long time before people did but the Bible plainly says that animals and people were created on the same day..

**Finish with Prayer:** Thank God that He tells us in the Bible how He made everything. Thank Him for making us in His image.
