

Bad Friends

They are mean to the new kid

They are rude to the teacher

They make fun of someone who stutters

They show you rude pictures

They skip school and go to the park instead

They break a window and say they didn't do it

They dare me to steal something

They tease kids who look different

They help you cheat in a test

Good Friends

I can trust them

They won't talk about me behind my back

They don't use swear words

They obey their parents

They always tell the truth

They are friendly to other people

They are honest

I can tell them my secrets

They remind me so I am not late going home
