This week describe to your children the glories of heaven. Tell them that heaven is a real and very beautiful place where we can spend time with Jesus face to face. The animals won't hurt us. There will be no more sickness, pain, sorrow and death.

May God bless you as you teach your little ones about Him.

Heaven

Sabbath

Jesus will take everyone who loves Him to heaven. Draw a line from these children to Jesus to show that they love Him.

Sunday

When we get to Heaven, we will see the city of God, called the New Jerusalem, there will be

a big party. We will wear crowns, play harps, wave palm leaves and sing and praise God.

The New Jerusalem is a very beautiful city. The foundations are made with precious stones of many colours and will look like a rainbow. The streets are gold, the houses are silver and gold, and everything will glitter in the glorious light from God's throne.

Coming out from God's throne is a river, and standing on both sides of it is a special tree called the Tree of Life. It looks a little like it is two trees as its golden trunk stands both sides of the river, but the tree is joined at the top and has special fruit that is gold and silver in colour.

Friday

The best part of Heaven will be seeing Jesus. Draw yourself with Jesus.

Thursday

We will be able to have gardens in the new earth and there won't be any weeds or thorns to hurt us.

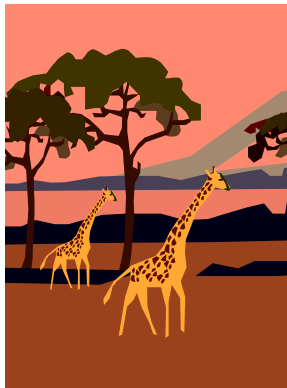

We will be able to walk up the hills and mountains or if we can use our wings to fly!

In Heaven we will be able to play with all the animals.

There will be lions, tigers, bears, tall giraffes, rhinoceros, little rabbits and squirrels, wombats, kangaroos and koalas.

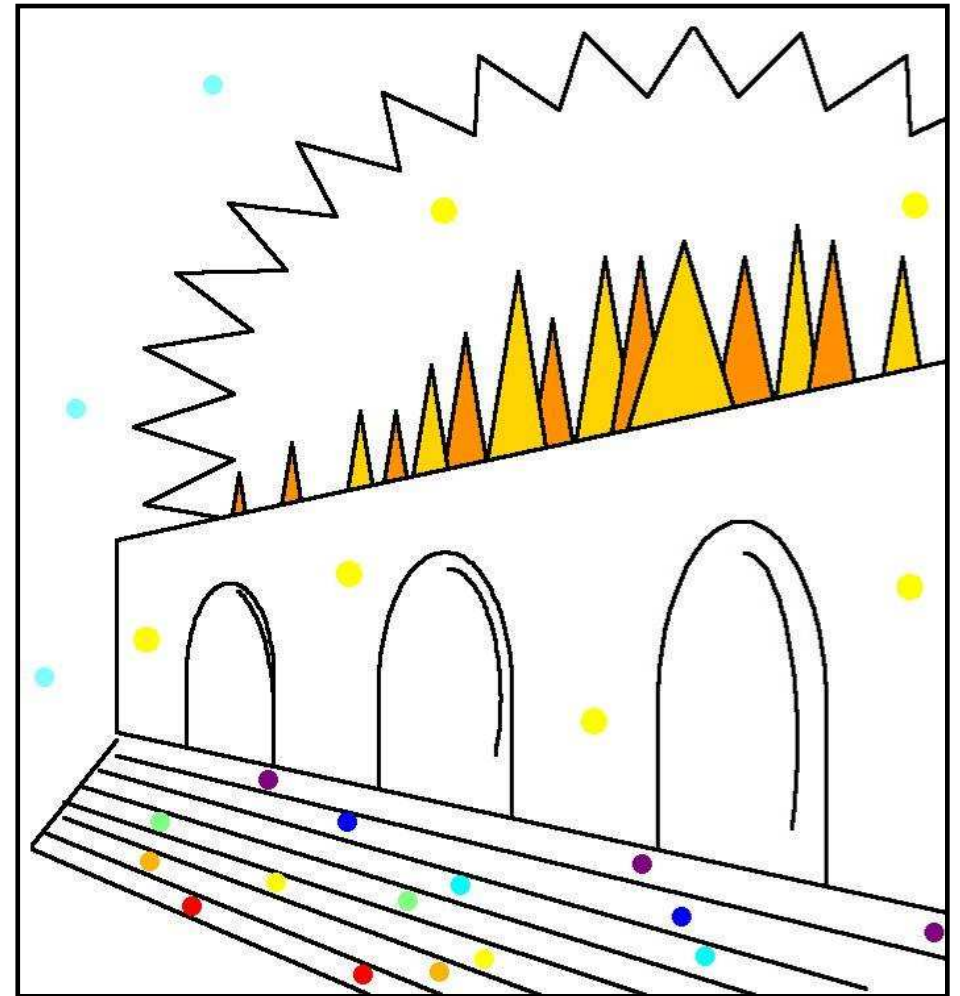

Down here they would hurt us or run away from us, but in heaven we will be able to have them as pets. In the new earth you will see the lion and lamb lying down together.

Jesus will give us a special supper in heaven. We will all sit at a very long silver table and eat of the fruit of the Tree of life, the manna, almonds, figs, grapes and many other kinds of fruit.

Monday

God's city will look very beautiful.

Tuesday

After a thousand years Jesus will cleanup this old earth and put an end to sin forever, and then He will make a new earth. The only reminder that we will have of sin will be the nail prints in Jesus hands and feet and the scar in his side.

Then the big city, the New Jerusalem, will come down from heaven and we will all live on this earth. The new earth will be very beautiful; it will have rolling hills and

mountains, and grassy plains. There will be big trees, beautiful flowers, rivers and beaches.

In the new earth we will each have a special house that Jesus is building for us to live in. We will be able to go out into the garden and pick flowers and they won't die like they do now.

When we walk through the bush, it won't be

dark and gloomy; it will be light and glorious as the branches of the trees will move back and forth.

Wednesday

The new earth will be very beautiful. Follow the lines to find out some things it will have.
